Getting Started

1. **Download Google SketchUp (GSU):**

    a. Go to: http://sketchup.google.com/download/

    b. Click on **Download Google SketchUp**

    c. Save it to your downloads folder or desktop.

2. **Install GSU:**

    a. Click on the downloaded file and following the instructions on your screen.

    b. Save GSU into your applications or program folder.

3. **Open GSU:** Click on Google SketchUp 8, then double-click on SketchUp.

4. **Start Using GSU:** Select "Simple Template – Meters" and then click "Start using SketchUp".

5. **Delete the Person:** Click on the person in the center of the screen and press delete or right click and select erase.

Now you are ready to being your 3D Exploration! Good Luck ☺

Things to Remember if you get "STUCK"

Undo --> <u>MAC:</u> Command Z & <u>PC:</u> CTRL Z

ESC--> Exits out of a tool

New Window --> <u>MAC:</u> command N & <u>PC:</u> CTRL N
