Women's Mental Health --- Position Announcement

We are pleased to announce an immediate opening for a full-time **Resource and Referral Specialist** in the Division of Women's Behavioral Health at Women & Infants Hospital of Rhode Island (WIH). The Resource and Referral Specialist will play a key role in a new HRSA-funded program, **MomsPRN**, which is designed to promote comprehensive, statewide screening and referral for perinatal women with mental health or substance abuse conditions. This position will involve close collaboration with an experienced interdisciplinary team of perinatal mental health specialists within the WIH Division of Women's Behavioral Health and Day Hospital. The ideal candidate will possess a masters degree in psychology, social work, public health or a related field, training in women's perinatal mental health, and have at least 2 years of related job experience. The position requires exceptional organizational, interpersonal, and communication skills, and comfort delivering presentations to area healthcare professionals and other stakeholder groups. Familiarity with data management software and relevant medical terminology is strongly preferred. The candidate must have access to a vehicle and a valid driver's license to facilitate community outreach activities and attendance at offsite meetings. This position is full time, and will be filled as soon as a qualified candidate is identified. Health, dental, and other benefits are included. **Interested candidates may express their interest by submitting a cover letter, resume, and names of 3 professional references to Dr. Margaret Howard, MHoward@wihri.org. Interested candidates are also requested to complete the application accessed on link below.**
