

PHYSICAL GEOGRAPHY W/LAB (BRCL) four credits

GARP0102550 (10022)

Bristow, R - Lab meetings MTWR 1800-2000

This course is a Brick and Click (BRCL) course that provides students one-on-one contact with the professor. On Monday through Thursday during the January Term, students will conduct the laboratory portion of the class at 6 pm on campus. Online, and at their convenience, students will do the Readings and do the map quizzes and two multiple choice exams, both of which are open note and open book formats.

Questions? Contact Prof. Rob Bristow at rbristow@wsc.ma.edu or 413.572.5215

Note: this course satisfies WSU lab science core requirement.
