Six additional history electives (18 credits) Any six history electives of your choosing but you must take at least two courses from two different areas of history (U.S., World or European History). For example you can NOT take all six classes in U.S. history.

One course each in political science, geography, sociology, economics

Evidence of mastery of the N.C.S.S. Social Studies Standards. WSC's History Education Program is nationally recognized by the National Council for the Social Studies (N.C.S.S.). All post-baccalaureate students seeking initial licensure must demonstrate mastery of the ten Social Studies Standards adopted by N.C.S.S. These are presented in the class, HIST0120: The History Teacher. Most of these standards are automatically covered in your coursework. However, one or two may require that you demonstrate mastery through an additional paper or project.
