## **SECTION I - ACADEMIC ADVISING**

### ***ADVISING RESPONSIBILITIES - STUDENTS***

**It is strongly recommended that:**

- Students know the requirements and expectations of their major, Core requirements, university policies and procedures;
- Students meet early in their academic career with their advisor to develop an academic plan that will guide the completion of their baccalaureate degree;
- Students meet regularly with their department advisor to assess and update their progress within their programs;
- Students be responsible for maintaining an academic file that includes: the WSU Bulletin for their time of entry, academic audit sheets, grade reports, registration records, change of grade/change of major forms, etc.
- Students consider keeping an academic portfolio for their benefit in employment and professional interviews; Students know what it means to maintain satisfactory academic standing (i.e., satisfactory GPA by attempted credits):
  - 0 - 23 credits  $\geq$  1.5
  - 24 - 47 credits  $\geq$  1.75
  - 48 + credits  $\geq$  2.0
- Students explore with their advisor various academic opportunities (internships, co-ops, honors, exchange programs, etc.) available through the institution or through their discipline;
- Students speak with their advisor to learn about the various academic resources available (tutorial services, study skills workshops, etc.) to support their success.

### ***PREPARING FOR YOUR ADVISING SESSION***

1. Prepare for your advising session by reviewing your online degree evaluation (*myWestfield* – Academics – Registration Tools – Degree Evaluation) and identifying courses you still need to take. This is also a great opportunity to ensure any waivers/substitutions have been filed and processed accordingly.

2. If you have questions about whether specific courses taken at other colleges satisfy Westfield State University Core requirements, you must see the Assistant Registrar in the Office of the Registrar. When there are questions about the content of specific courses, the Assistant Registrar or Transfer Coordinator refers the decision to the Chair of the appropriate academic department.

3. Look through this course offerings booklet and note on the registration worksheet the courses you are interested in taking. Keep in mind what courses you need to satisfy the Common Core and your major. Consider elective courses outside these areas that seem interesting. In selecting your elective courses, please keep in mind the Westfield State University PASS/FAIL Policy for 0200/0300 level courses. This policy allows juniors and seniors to take upper level courses in areas outside their major and the Core for a grade of 'PS' or 'FL', neither of which is used in calculating a student's GPA.

4. Using the University *Bulletin*, make sure that you have completed all required prerequisites for courses you have selected. The *Bulletin* is available in the Office of the Registrar, the Academic Advising Center and online at <http://www.westfield.ma.edu/registrar>

5. Since the most popular classes frequently close early in the registration process, you will want to have identified 10-12 possible courses for next semester by the time you have completed your advising session, so be sure to compile a comprehensive list of options.

### ***ADVISING OUTCOMES***

Comprehensive advising is a key factor in determining how well-registered a student will be, so be sure to use your time with your advisor to develop a thorough understanding of your academic needs for the next semester. When you leave your advising session, you should know:

- ✍ what courses you must have in order to make reasonable progress toward the completion of your degree
- ✍ what courses would be useful, but could be taken in another semester if necessary
- ✍ and what courses may be taken as electives, in response to your own interests and preferences.

Students who complete their advising session with a list of only five courses will ultimately be less well served than those who are prepared with a full range of options.

### ***ACADEMIC ADVISOR***

All students who have declared a major are assigned a departmental advisor by the chair. If you do not know who your advisor is, check with your department secretary or chair. You may also view your advisor's name through your myWestfield account - academics tab.

### ***ACADEMIC ADVISING CENTER***

Advising and registration help is available on a walk-in basis at the Academic Advising Center in Parenzo K/L for all students and specifically for student who have undeclared majors. You may now e-mail your advising questions to: [advising@westfield.ma.edu](mailto:advising@westfield.ma.edu)

### ***ACADEMIC ADVISING - UNDECLARED***

Students who have not yet declared a major are advised through the Academic Advising Center in Parenzo K/L.

***NEW ONLINE  
EARLY REGISTRATION***

Students who belong to the Honors program (with an overall GPA of 3.3 or better) and students who are approved members of the Banacos Academic Center (with less than 54 earned credits) can register early, online, beginning Friday, March 23, 2012 at 7 AM. You must have an alternate registration pin that is between 950000 – 999999. Questions about your eligibility to register early should be addressed with the Honors Program or your Banacos Learning Specialist. The Registrar's Office will also be available to you on March 23 throughout the day if you need additional in-person support.

## **SECTION II - POLICIES**

### ***ADVISING AND PIN***

In order to guarantee that all students are advised prior to registration, students will be required to present a signed advising form to their department, at which time a new Alternate Registration PIN will be issued. Use the new Alternate Registration PIN for online registration; bring a signed advising sheet to use at in-person registration in Parenzo Hall 107. See back cover for additional PIN information.

### ***ADD/DROP IN PARENZO HALL 107***

1. **ADJUST YOUR SEMESTER SCHEDULE.** You may drop any courses you do not wish to take or add new courses, on a space available basis.
2. **ADD/DROP** runs through the first week of the semester. Online add/drop is available from 7:00AM - 9:00PM and in-person from 8:30AM to 4:30PM in Parenzo Hall 107. Please consult the front cover for specific dates.
3. **PERMISSION TO ENROLL FORM** Use this form if you receive an error message for missing pre-requisite, co-requisite, class, or need the permission of instructor.
4. **INSTRUCTOR AUTHORIZATION TO ADD A DAY CLASS (OVERLOAD) FORM** If there is no space available in a course that you need or want, you may be able to get permission from the instructor to add that course. If an instructor authorizes your enrollment on this form (some departments may also require the Chair's signature), the computer operator will register you for the course, even if the computer shows no space available. Forms are only available during the published add/drop period.
5. **SCHEDULE** You will receive a printout of your revised schedule. This is a good way to check that you are going to the right classes. You may print your own copy through *myWestfield*.
6. **PERMISSION COURSES** Courses that require special permission, like internships, CO-OPS, and some upper level electives may not be added through *myWestfield*. See the instructor, or the chair of the department offering the course for information about adding these courses.
7. **STUDENTS MAY NOT DROP ENGL 0101 or ENGL 0102** without the approval of the English Department chair or Writing Coordinator. Students may not drop EDUC 0100 or 0101 or Accuplacer math classes. Students may change sections on a space available basis.

### ***COURSE LOAD AND CLASS STANDING***

Students who expect to graduate in four years should plan to take 30 credits a year, or 15 credits a semester. If you drop any courses, or fail courses, you will have to take summer or winter session courses or extra courses during the semester to keep the number of credits necessary to maintain your class standing.

While the usual course load is 15 credits a semester, students may carry from 12 to 18 credits as a full time student. Students wishing to carry more than 18 credits must get special permission from their advisors, major department chairs, and the Associate Dean of Academic Achievement.

The Academic Policies Committee recommends that students have a minimum GPA of 2.5 to enroll in 19 or 20 credits and 3.0 to enroll in 21 credits. The approval form is available in the Office of the Registrar.

### ***COURSE REPEAT POLICY***

Students may apply this policy a maximum of three times. Students must file a completed course repeat form with the Office of the Registrar prior to taking any course as a repeat. If either the original or the repeat course is not a Westfield State University course, the student must also obtain, on the course repeat form, the written approval of the chair of the Westfield State department administering the course to assure its equivalence. *No notation of the course repeat will appear on the student's record unless such prior approval has been obtained.* For a more detailed description of this policy, see the University *Bulletin*.

### ***COURSE WITHDRAWAL NOTATION OF "W"***

The notation of "W" is an action taken by the student or administration and is not a reflection of the student's performance in the course. Students may withdraw from a full-semester course up to three weeks prior to the last day of classes (up to two weeks prior to the last day of classes for half-semester courses) by completing a Course Withdrawal form. A notation of "W" will be placed on the student's record for courses dropped during this period.

#### **FALL 2012 Deadlines for Course Withdrawals**

Full Semester	Tuesday, November 20, 2012
Session A	Tuesday, October 9, 2012
Session B	Friday, November 30, 2012

Students not attending a course will be issued an "F" grade on their record. The grade will be used in computing semester and cumulative average. **COURSE WITHDRAWAL FORMS ARE AVAILABLE IN THE OFFICE OF THE REGISTRAR.**

Administrative offices can withdraw students for cause. Reasons for administrative withdrawal may include non-payment of tuition and fees, lack of health forms or final high school transcripts, academic failure or probation, over-enrollment in a single semester, and/or disciplinary action. The notation of "W" is made on the student's record for all courses dropped administratively.

### ***CROSS REGISTRATION INTO DGCE CLASSES***

Beginning on the first day of classes, online and in Parenzo Hall 107, Day students will be permitted to register for up to three Continuing Education (DGCE) classes as part of their Day load, **on a space-available basis**. Students may not overload into these classes. Students will not be assessed any additional tuition charges for these courses. Continuing Education add/drop tuition waivers may not be used for a special arrangement, independent study, internship, or graduate level (0400+) course. DGCE sections begin with a '5', example: 501, 50A, etc...E01 Sections ARE available to day division students during pre-registration as listed in the course grid. DGCE students wishing to cross-register into day classes, should consult with the DGCE office for specific dates.

### ***DECLARING / CHANGING A MAJOR***

Students must declare a major by the beginning of their junior year. Students wishing to declare or change their major can pick-up a change of major form in the Office of the Registrar. This form requires the signature of the chair of the major you are dropping and the chair of the new major. If you wish to change your major in time to register, you must do so before the advising period.

### ***DECLARING A MINOR***

1. Students may declare a minor at any time by submitting a Declaration of Minor form to the Office of the Registrar, Parenzo 107.
2. The chair of the academic department must approve minor declarations.
3. Students may not have more than two declared minors in progress at one time, however, can earn more than two.
4. Minors, like majors, are reviewed prior to a student's graduation.
5. Students who complete minors without formally declaring them may still have them certified prior to graduation.

### ***DIRECTORY INFORMATION RELEASE***

Directory information includes a student's name, address, class standing, major, and date of birth. There are some contexts in which the college is required to release this information to third parties. These include military recruiters and the National Student Clearinghouse (NSC). The NSC provides student loan processors with enrollment information to determine a student's eligibility for loan. In addition, other third parties may request this data under the Freedom of Information Act. A more detailed policy concerning FERPA (Family Educational Rights and Privacy Act) can be found in the current *Bulletin*.

Students may place a directory release block on their records. When this block is in place, we suppress the student's data when we produce our listings. Such requests must be made in writing in the Office of the Registrar by October 1<sup>st</sup> each year. We cannot suppress the release of student directory data to the NSC.

### ***LIBERAL STUDIES MAJORS***

Students who are majoring in interdisciplinary programs, such as Liberal Studies, **must** have their areas of concentration noted on their registration forms by their advisors. The student may register for **ONE** major course in each concentration area with the same registration access as majors within the department. Additional courses must be selected from the seats available to everyone as Core elective choices, or the student must have special permission from the chair of the academic department in which he/she wishes to take more than one course. **Liberal Studies students may need to go to Parenzo Hall 107 or Parenzo Hall K/L for assistance in registering for a major course, if they are restricted to students in a particular major.**

### ***NEW STUDENT INFORMATION***

All incoming students should have a copy of the University *Bulletin* for the current academic year. That is the version of the *Bulletin* that states the program requirements and academic policies that apply to you. Please stop by your major department, the Office of the Registrar or Academic Advising Center for your copy.

### ***PREREQUISITES and SELF-REGISTRATION***

**Students are responsible for meeting all course prerequisites before registering into upper-level courses.** Prerequisites are listed in course descriptions in the University *Bulletin*. The *Bulletin* is available in the Office of the Registrar, the Academic Advising Center and online at <http://www.westfield.ma.edu/registrar>. Faculty members have the right to exclude students from courses if they are missing the listed prerequisites.

### ***REGISTRATION CORRECTNESS***

**You have final responsibility for the correctness of your registration.** Be sure to check a final printout of your schedule carefully, and to keep any forms or documentation for your records.

### ***REGISTRATION FOR SPECIAL CLASSES***

1. **Internships/Co-ops/Permission Courses:** Internships, co-op courses and other special courses require the professor's permission to register. Please see the instructor prior to registration to secure a permission to register form. Bring this form with you to in-person registration in Parenzo Hall 107, and the course will be added to your schedule when you select your other classes. Please see the Assistant Registrar if you have any questions about registering for permission courses. CO-OP is administered through the Career Services Office, Lammers Hall Annex.
2. **Independent Study and Courses by Special Arrangement:** Students wishing to enroll in departmental Independent Study projects must process a registration form for Independent Study or Course by Special Arrangement, available in the academic department. This form requires a description of each project and must be approved by the faculty member, department chairperson, and the Dean of Undergraduate Studies. **FRESHMEN ARE INELIGIBLE.** Students may take only one independent study in any given semester and not more than four in their undergraduate work at Westfield State. Students must register for the Independent Study credits by the end of add/drop. See the semester calendar on p. 2 for the deadline to submit your form.

### ***STUDENT ACCOUNT CLEARANCE***

A student's account must be clear in order to register for classes. You can check the status of your account online or by checking in the Student Services Center or by calling (413) 572-5218. If you owe money to the University, you must pay it in order to release the registration hold on your account. The billing and payment schedule is as follows:

- November/July - Bills will be mailed to students, anticipated financial aid awards will be credited to the bill.
- Return your payment *and* paperwork before the due date published on the bill. Bills postmarked after the due date

are charged a **\$100.00** late payment fee. **ALL STUDENTS SHOULD RETURN THEIR PAPERWORK, WHETHER TUITION IS OWED OR NOT! RETURNED PAPERWORK SHOWS INTENT TO RETURN FOR THE SEMESTER.**

***What will happen if you don't return your bill?*** Students who have not returned their payment and paperwork by the due date will be administratively withdrawn from the University. **They will no longer have a schedule or housing assignment.** Class schedules and housing will *not* be restored. Withdrawn students cannot register until add/drop and there is a reinstatement fee assessed for reentry; housing may no longer be available.

#### ***TUITION SURCHARGE POLICY***

Effective Fall 1999, the Board of Higher Education adopted a tuition surcharge to assess the full cost of education for continuously enrolled native students who accumulate an excessive number of credits. Excessive credit hours are defined as 118% of academic degree program credit hour requirements. Any student who is enrolled in over 141 accumulated credit hours will be assessed \$235.00 for each credit hour over 141. Students wishing to appeal this policy should submit a written request to the Maureen McCartney, Associate Dean Academic Achievement.

#### ***UNDECLARED MAJORS***

Undeclared freshmen and sophomores may use one seat reserved for majors to register for **ONE** foundation course in **ONE** academic area they are exploring if available. All other courses must be selected from seats available to everyone as Core or elective choices. **Undeclared students may need to go to Parenzo Hall 107 or Parenzo Hall K/L for assistance in registering for a foundation course, if they are restricted to students in the major.**

### **SECTION III - SPECIAL PROGRAMS**

#### **ENGL 0297-H01, HNRS: CONTEMPORARY NATIVE AMERICAN ART, FILM, AND LITERATURE**

CRN 11034 MWF 10:25-11:15 Diana, V.

Contemporary Native American artistic expression through film, music, drama, literature, and visual arts will be considered in specific tribal, historical, and cultural contexts. This course considers texts by Native American artists who challenge our culture's stereotypical ideas about their cultural identity and history. In the fiction, poems, plays, paintings, songs, and films we will discuss, Native American writers and artists explore contemporary political and social issues facing Native people, demonstrate the impact of media images on their self-perception, expose the realities of race relations, and reflect on their experiences with education, spirituality, and family. Students will meet and interact with guest Native artists invited to campus to share their work. An independent research project will allow you to find an issue in Native American studies most interesting to you, perhaps one that allows you to draw on the disciplinary perspectives of your major.

#### **PSYC 0353-H01 HNRS: PSYCHOLOGY, POLITICS AND THE PRESIDENTIAL ELECTION**

CRN 10546 MW 1:40-2:55 Ciano-Boyce, C.

Psychology, Politics and the Presidential Election has three intersecting streams or directions that correspond generally to the title: PSYCHOLOGY, POLITICS, and the PRESIDENTIAL ELECTION. First, one arena of political psychology is to explore the process of change, the power of persuasion, and voter motivation and decision making. Second, the course will provide an overview of the political process of the presidential election. Third, the person of the candidate or would-be-leader is examined in who runs for the presidency and the psychological characteristics of some select leaders.

### ***LEARNING COMMUNITIES***

The Learning Community (LC) delivery of courses continues in fall 2012 with one pairing: Math 252 & GNSC 360. Using *both* CRN's, students must register for *both* courses in an LC pair. Learning communities help students integrate interdisciplinary course content and questions. Students will examine and analyze a given theme from a variety of disciplinary perspectives preparing students to make connections between coursework in different classes.

#### **GNSC 0360-003 METHODS OF SCIENCE ED. PRE K-6**

CRN 11252 TR 12:45-2:00 Giuliano, F.

#### **MATH 0252-001 FOUND:DATA ANALYSIS&PROBAB**

CRN 10056 TR 2:15-3:30 Bardwell, M.

This is an integrated learning community for Education majors only combining one of the Mathematics Foundations courses (Math 252) with the Elementary Science Methods course (GNSC 360). Students must register for both courses. This learning community will share many class activities and assignments, allowing students to make connections between the discipline of mathematics and the essential components of teaching General Science in grades Pre-K – 6. The elementary school classroom provides a natural environment for exploring interdisciplinary activities. Many science topics covered in these grades contain data analysis activities and these play a significant role in the material studied in Math 252. The 2 instructors in this learning community (Drs. Bardwell & Giuliano) have a long history of sharing ideas and activities which can be used in both elementary data collection and elementary science lessons. The instructors plan to continue to use past successful math / science activities as well as develop new interesting interdisciplinary activities which can be adapted for use in teaching both mathematics and science concepts in the elementary school. The student participants in the class should develop ideas on how to develop an integrated mathematics / science classroom as they begin their teaching career.

### ***INTERNATIONAL PROGRAMS AND EXCHANGES***

Please visit the International Programs Office (IPO) in Parenzo Hall, room 130 (lobby) for information about Study Abroad, Exchanges, and Short-Term courses.

***INTERNATIONAL OPPORTUNITIES:*** Students can choose from over 250 programs from around the world. **NATIONAL STUDENT EXCHANGE:** You can choose to study for a semester, or year, at one of almost 200 colleges or universities in the U.S., Puerto Rico, Guam and the Virgin Islands. Living in a different geographical area will allow you to grow educationally, socially and culturally.

## SECTION V – DEGREE EVALUATION

Access your degree evaluation through your *myWestfield* account: academics tab – registration tools – degree evaluation.

Once you select the link, a new window will automatically launch and load your specific degree audit information. Make sure you have any pop-up blockers shut off on your browser. Mac users must use the Safari browser. Some important items to keep in mind as you review your audit for the first time:

- You can find your advisor's name in the upper left-hand corner of the audit
- If your major requires a concentration and one is missing, please stop by the Registrar's Office to declare (Movement Science majors, please see the Movement Science department to be signed into a concentration).
- There is a detailed "FAQ" page at the top of the audit that will help you interpret and solve potential problems.
- If you have any concerns about missing requirements that you feel you have satisfied, please see your departmental academic advisor to submit a waiver/substitution form. These forms must be signed by the Department Chair as well (for core waivers the Dean of Undergraduate Studies must approve and sign).
- If you are double majoring, you may need to select each audit separately. Click on the degree drop-down box at the top of the audit next to your name

Degree: BS Major: Regional Planning  
Receptions GPA Calc

for additional options.

- Your audit is based on the requirements outlined in the *Bulletin* typically from the year you entered, however, departments have the right to require more recent requirements if you changed your major after starting WSU. If you feel your audit is reflecting the wrong Bulletin year, please see your department chair or the Registrar's Office.
