February 26, 2009
Meeting Started at 5:11pm

Attendance:
Bill Bickley
Caitlin Barry
Aviva Berezin
Ethan Michaud
Marijoan Bull
Carsten Braun
Cut Robie
Mike Young
David Harris-Freed (arrived late)

- We discussed how we will be using the next few weeks at our meetings to discuss and plan for the Sustainability day in April
- Some things that are already going on throughout campus are that we are going completely trayless in Fall 2009 and that we will be getting recycling bins in the D.C.
- There have been 4 grant proposals proposed to lead by example:
  - Plates for the D.C.
  - LED Fluorescent tubes in Bates
  - LED for outside lights
  - Solar powered cross walks on Western Ave
- Submitted 4/5 project for stimulus package
- Symposium concerned with reduction will be based on either per person or per square footage
- The Green section located in Davis Hall did not have a lot of interest in it and a lot of people were just placed there so it’s hard to get the residents to become involved in the issue.
- Sustainability Day
  - Need to get any green friendly local businesses that want a table at the fair
  - Perhaps a guest lecturer at night?
  - Working with MassPrig
  - Projecting a move on the green and/or the D.C.
- What do we want to do with the remainder of the semester?
  - All campus computers shut down after 30 minutes of not being used
  - Signs to turn off lights

Our next meeting is Thursday March 5, 2009 in the Bates Computer Lab.
