

ONLINE JOB SEARCH SITE ANALYSIS

Using the Career Center's Find an Internship and Job Search pages, identify and provide critique of four online job search sites (general and/or "niche") most relevant to your career interests.

1. Which four job search sites did you choose to analyze and why?
2. What about each site did you like the most and why? What about each site did you not like and why?
3. When conducting similar searches across sites, what differences did you see in the results?
4. Did your initial outlook on the job change?
5. Did you discover any new positions of interest?
