

Student Standards and Expectations

The goal of Westfield State University's College for Kids Summer Program is for students to learn and to grow through enjoyable, productive, and safe experiences. Our staff is supportive and involved, but ultimately, the student must display commitment and initiative in order to succeed. We have established these standards and expectations intended to promote the safety and mutual respect of all participants and College for Kids staff. We ask that each student's parent/guardian read this over with the child attending the summer program, and sign to acknowledge the Student Standards and Expectations have been discussed and are understood that they need to be abided by.

I, *(Print Student Name)* _____, agree to:

- Participate fully in the program by attending every class and planned activity
- Act in ways that show consideration and respect for the physical and emotional well-being of all members of College for Kids, including fellow students, instructors, and staff
- Not use inappropriate language (curse words, teasing, bullying, etc.)
- Not leave the supervision of the Instructor, volunteer, or coordinator without his/her permission
- Forgo the use and/or possession of alcohol, tobacco products, and other drugs while under College for Kids programs care and supervision, on and off campus
- Forgo use of cell phones or any other electronic device while in class and during other planned activities
- Not use a knife or other sharp devices other than for reasons for the class itself
- Not deface campus property or property of those involved with the program
- Not "friend" an instructor, volunteer, or coordinator on any social media outlet, including Facebook, Twitter, Instagram, etc.
- Speak with the Program Coordinator, Instructor and/or volunteer if I am having a problem with classmates, staff, or instructors within the program

These standards and expectations are intended to ensure the safety of the community and the mutual respect of the participants. **Student and parents should understand that the student's disregard of the standards and expectations may be deemed sufficient cause for dismissal. The Program Coordinator reserves the right to dismiss any student who fails to fulfill the student's obligations or whose presence at Westfield State University's College for Kids, in the Program Coordinator's judgment, is contrary to the best interest of the program.**

By signing, I agree I have discussed the above with my child.
