<i>Credit may be granted on an individual basis to DGCE Occupational Education students with this area of specialization.</i>					
<b>Note to all DGCE Occupational Education students:</b> <i>General elective credits granted in otherwise non-transferable or credit-restricted areas, such as Automotive Technology and Nursing, respectively, will be applied to the bachelor's degree only so long as the student remains in the Occupational Education program that includes the vocational area of specialization equivalent to the associate's degree area of study. Occupational Education students who change their vocational area of specialization at or after the time of transfer, or those who subsequently change their major from Occ. Ed. altogether, will forfeit some or all of those general elective credits previously awarded in accordance with credit limits established and printed in the course equivalency guide.</i>

<i>**Common core credit (TMTH) will be awarded for successful completion of at least 3 credits of course work.</i>					
<i>***A maximum of 3 credits in statistics may fulfill the Common Core. Students will receive credit for MATH 142 or STAT 142 or BSTS 143.</i>					
<i>^Effective September 2006, transfer credit will not be awarded for course content equivalent to WSU MATH 0103.</i>					
<i>^^Students missing high school Algebra II may take either ALGB-097 or 090 as a (non-transferable) high school course substitution</i>					
<b>MECHANICAL ENGINEERING TECHNOLOGY</b>					
<i>Additional general elective credit may be awarded on an individual basis to DGCE Occupational Ed students with this area of specialization.</i>					
<i>Refer to note under Automotive Technology for additional information.</i>

<b>MassTransfer Block (MTB) coding of STCC courses</b>					
STCC began identifying courses that fulfill the MassTransfer Block (MTB) on their website in fall 2014 during initial implementation of a new course numbering system that will be phased in over time. New STCC course numbers feature a three-letter course prefix. For example:					
<b>ENGL 100, English Composition I, was converted to ENG 101, English Composition I, in fall 2014.</b>					
As new course numbers are implemented, corresponding online course descriptions will identify those that fulfill MTB distribution requirements at STCC. MTB distribution requirements are denoted throughout this

STCC DEPARTMENT, COURSE NUMBER & TITLE	STCC CREDITS	WSU EQUIVALENT	WSU MAJOR	WSU ELECTIVE	WSU CORE
document as part of the STCC course title, as follows:					
<b>ENG 101/A English Composition I</b>					
This course counts toward fulfillment of the MTB Composition/Writing requirement.					
STCC codes and corresponding credit requirements for completion of the 34-credit MTB are denoted as follows:					
<b>A</b> = English Composition/Writing (6 credits/2 courses)					
<b>B</b> = Behavioral & Social Sciences (9 credits/3 courses)					
<b>C</b> = Humanities & Fine Arts (9 credits/3 courses)					
<b>D</b> = Mathematics & Quantitative Reasoning (3 credits/1 course)					
<b>E</b> = Natural & Physical Sciences* (7 credits/2 courses, including one 4-credit lab course)					
<i>*Lab components of courses are listed as separate course numbers but are completed concurrently with the lecture.</i>					
Obsolete STCC course entries (preceded by #) generally are <b>not</b> coded for MTB in this document.
