#### **BOARD OF TRUSTEES**

### Finance and Capital Assets Committee Minutes

#### President's Boardroom, The Horace Mann Center December 11, 2019

**MEMBERS PRESENT:** Committee Secretary Magovern and Trustees Boudreau, Neves, Queenin and Williams.

**MEMBERS EXCUSED:** Committee Chair Sullivan and Vice Chair Hagan

TRUSTEE GUESTS PRESENT: Trustees Alvarado, Landrau, Martin and Martinez-Alvarez

Dr. Ramon S. Torrecilha, President of Westfield State University, was also present.

The meeting was called to order at 11:10 AM by Trustee Queenin, who stated that Committee Chair Sullivan and Vice Chair Hagan were unable to attend the meeting.

**MOTION** made by Trustee Neves, seconded by Trustee Williams, to elect Trustee Queenin as Chair Pro Tempore of the meeting in accordance with Westfield State University Board of Trustees Bylaws, Article IV, Section 6. **Motion passed unanimously**.

**MOTION** made by Trustee Magovern, seconded by Trustee Neves, to approve the minutes of the October 10, 2019 meeting. **Motion passed unanimously.** 

Ms. Maria Feuerstein, Director of Budget and Financial Planning, gave an update on the FY20 First Quarter Financials, highlighting:

- Factors on historical spending were applied since budgeting is on an annual basis.
- Figures are not a projection but a snapshot for July through September.
- Report shows an approximate \$2.9 million in surplus. The majority of that is related to compensation savings, which will diminish through the year, as well as a delay in capital project spending.
- Departmental operational expenses are trending as in the past years. Seasonality savings show in spending patterns.
- Enrollment was down due to decreasing retention rates and lower enrollment.
- There are 44 vacant positions between Administration and Finance and Academic Affairs, the two largest divisions.

Mr. Stephen Taksar, Vice President of Administration and Finance, gave a FY20 Budget Update as follows:

• Two campus-wide budget presentations were given in the fall with 70 to 80 people attending each session. The first session was informative and the second an open dialogue to solicit feedback and ideas on cost saving and revenue enhancement.

- Mr. Taksar met with the Student Government Association (SGA) twice to give updates on the budget and to give a preview of the FY21 budget.
- The annual enrollment trend is projecting 247 fewer students than budgeted in FY20 and a decline of 669 students over the last several years to now.
- The census data shows the entering fall 2019 class down in both first-time, first-year (FTFY) students and transfers. Lesser students entering classes has a multi-year affect.
- Potential strategies to balance the budget to close the shortfall this year were discussed. Trustee Queenin stated that the Board needs to strategically look at a 5-year window since the deficit is compounded each year and the deficit will not go away until something is done to correct it.

Mr. Taksar continued with the Annual Debt Report and Ratios:

- Outstanding campus debt total approximately \$21 million. Westfield State's portion of the residence hall debt owed to Massachusetts State College Building Authority (MSCBA) is \$116.3 million with an annual debt payment of approximately \$12 million. The debt was refinanced last year for University Hall reducing annual debt service to MSCBA by about \$1M per year.
- Ratios were calculated with and without the GASB Pension and OPEB figures. The structure was changed slightly to be consistent with the Department of Higher Education methodology and now includes Foundation assets in the calculated ratios.
- The graph provided shows a declining Composite Financial Index (CFI) with the GASB figures. Without impact of the pension and OPEB, we are holding our own at 3.8% with a goal to stay above 3%.
- We need to start thinking of a business plan now to have balanced budgets and minimize the use of reserves to help stabilize these ratios.
- Last year we broke even in operations and the surpluses of 6% and 7% in previous years is going away.
- MSCBA debt is excluded from the numbers in the graph.

Mr. Taksar continued with the Parenzo Hall Renovation update:

- The project will stay at \$40 million, with most of the funds being allocated to fix the infrastructure and to renovate the academic space. Scanlon Hall will serve as the interim temporary location for occupants of Parenzo, with the first floor of Scanlon becoming a permanent location for Academic Affairs and Facilities and the second and third floor becoming swing space during construction with very light renovation needed for office use instead of residential. Trustee Magovern left the meeting at 11:48 and returned at 11:56 AM.
- A project planning group consisting of the architect, DCAMM and representatives from campus meet every two weeks and bring their ideas to cabinet. Involvement from the following working groups was included in the planning to manage both the funds and the expectations:
  - General academic affairs (consisting of cross representation from academic departments) with 10-15 members
  - Co-lab space (consisting of community and students) with 10-12 members
  - Student success working group
  - It was recommended to put students on the working groups, especially student success.
     Most of the work done by these groups was in the summer.

President Torrecilha gave an update on the Voluntary Separation Incentive Program (VSIP):

• After the Department of Higher Education (DHE) entered into negotiations with the APA and AFSCME unions to offer a volunteer separation incentive program, 33 staff members applied for the program. All of them were approved with two separation dates in December and March, with the exception of three applications the University thought should occur later.

- The proposed fill rate will be approximately 54% with a potential savings of \$1.7 million, which includes the benefits of 39% of compensation.
- Human Resources, cabinet, and union representation will figure out how to spread the work or restructure the positions. The divisions of Academic Affairs and Finance and Administration have the most employees taking part in the program.

Mr. Taksar brought forth the FY21 Budget Planning Scenarios, highlighting:

- Scenarios presented are based on information we have in order to discuss ideas and direction.
- Committed to resolving the FY20 shortfall in the FY21 budget to be back in balance for the two years.
- The largest issues are the challenges to the auxiliaries. Scenario A shows a shortfall of over \$200, 000 and Scenario B a shortfall of \$2.8 million, without the use of reserves.
- Tuition and fee parameters were previously discussed in the range of 2.0% to 3.0% and we are at 2. 7%, which should not change.
- Dining Services revenue is up, but costs are increasing faster than revenues.
- Residence Life will still have a loss of revenue, but has already experienced cuts in the last several years. A bridge strategy is being created to get through another year but a long-term sustainable plan is required.
  - On-campus housing increases retention and positively affects the student experience.
  - Some ideas to increase revenue are to consider making housing mandatory for students outside a certain radius from campus, collapse the rate structure without losing revenue, provide more parking for first-year students, and secure more summer conferencing events
  - The MSCBA debt was structured to use reserves.
  - Lansdowne has 200 beds and there are 96 students living there. The lease ends in 2022 and it was discussed whether the building could be used in other ways until the end of the lease . Students are encouraged to live on campus for a better experience and the availability of more resources.
  - There are approximately 300 students living off campus in apartments.
  - When occupancy was at 102%, approximately \$5 million was saved and put into reserves, which can only be used for Residence Life, such as covering their deficit, but not Lansdowne losses. The Lansdowne losses are being subsidized through the general fund.
  - $\circ$  Funds have been put aside for financial aid to assist with housing for high-needs students.
  - With residency falling below the break-even number, Residential Life cannot close the gap of \$2 million. It was suggested to do the best to reduce costs where possible, use Residence Life reserves to get through the next year, and develop and implement strategies to turn the corner within a year to bring back to the Board in February or April.

Mr. Taksar moved to the next agenda item and stated that he has been working with the committee chair to generate an annual work plan with yearlong topics for the committee to work on.

Trustee Queenin invited Dr. Susan Leggett, Chief of Staff, to explain the next action item on the agenda, which is to seek board support for the FY21 DCAMM Major Capital Project Proposal. Dr. Leggett stated the project addresses an idea that was brought to cabinet by students. A resource center is needed for marginalized and diverse students. Faculty and staff have been involved in doing this work through Higher Ed, Higher Ground, Diversity across the Curriculum, and Human Resources compliance and training. These can be built into the Center for Equity, Diversity and Inclusion. Funds are being requested to renovate classroom and residential space to develop the Center, which dovetails with two dimensions of the Strategic Plan - student experience and improving culture on campus with diversity and equity. The funds

being requested are for the physical structure. If the funds are not received, the work will continue but will not be as effective without the space as that will give visibility to groups who do not have it.

**MOTION** made by Trustee Neves, seconded by Trustee Magovern, to approve the submission of a proposal to the Division of Capital Asset Management for the FY21 Major Capital Project Process, to request \$4,843,125 to renovate a portion of the Scanlon building to create a Center for Equity, Diversity and Inclusion and to renovate and upgrade up to 3 - 4 classrooms/labs.

Trustees stated their approval that the proposal incorporates the Strategic Plan and the importance of culture and equity. **Motion passed unanimously.** 

There being no further business, **MOTION** made by Trustee Magovern, seconded by Trustee Neves, to adjourn. **Motion passed unanimously.** 

Meeting adjourned at 12:45 PM.

#### Secretary's Certificate

I hereby certify that the foregoing is a true and correct copy of the approved minutes of the Westfield State University Board of Trustees Finance and Capital Assets Committee meeting held on December 11, 2019.

Robert Magovern, Secretary

Date

#### Westfield State University

Finance and Capital Assets Committee

#### **FY20 Second Quarter Financials**

February 6, 2020

#### <u>Overview</u>

The campus develops an annual budget, but provides a calculated quarterly projection for the purpose of comparative financial analysis and reporting. Tuition and fee revenue is reported for the fall semester only for the day division and for summer II, fall semesters, and PA Program cohorts for CGCE. Expenses are actual expenses incurred through the end of the second quarter. The University's net surplus is \$3.0 million at the end of the 2<sup>nd</sup> quarter compared to a budgeted net surplus of \$2.3 million, with 49.8% of the University's revenues realized and 44.5% of the budget expended. The surplus is the result of vacancy, salary, and contract worker savings as well as a timing lag for non-compensation expenses and capital projects. It is not expected that this surplus will be realized by the end of the fiscal year as annual revenue targets will not be met and expenses are not evenly spent during the year.

Undergraduate enrollment was lower than budget by 200 students or 4.6%, with the full annual impact expected to be 247 fewer students. Residential Life experienced a significantly lower than planned occupancy of 138 students or 5.6%. Furthermore, the number of participants in Dining Services was unfavorable to the budget by 70, resulting in lower than planned Board Revenue of \$168k. CGCE total enrollment, reported in number of credit hours, is above budget by 2.8%, which is the net result of an increase to graduate and undergraduate enrollment offset by minor attrition in the PA program.

#### **Enrollment**

Full-time Day division enrollment was 4.6 % below budgeted enrollment for the 2<sup>nd</sup> quarter. This resulted in a decline in fall semester budgeted fee revenue of approximately \$900k. The full year enrollment decline is expected to be 247 or 5.8% below budget mainly due to a significant decline in retention rates. A smaller portion of the decline, 25%, is attributed to not meeting entering class enrollment targets. Residential Life occupancy, excluding Lansdowne, was 2,471 in the 2<sup>nd</sup> quarter of FY19 vs. FY20 2<sup>nd</sup> quarter results of 2,341, which is a significant decline of approximately 5% year-over-year. The enrollment decline further impacted Dining Operations which as noted above, experienced 70 less meal plan participants than expected.

#### <u>Revenue</u>

Total revenue is trending below budget by \$1.1 million or 1.8%. Lower than budgeted day school enrollment combined with lower occupancy rates and lower than expected dining revenue were the factors for the decrease. CGCE is trending above budget by 3.5%. State appropriation revenue is on target with minimal variance, however it is expected that an additional \$1.0 million will be received prior to fiscal year end which will only partially offset revenue losses due to declining enrollment.

#### Expenses

Overall expenses are trending favorably at the end of 2nd quarter by \$4.1 million or 6.8% mainly from the University operations. Significant variances are noted below:

- University Compensation expense is below budget by \$1.3 million or 4.4% due to one time savings from vacant positions and hiring salaries below plan. It's important to note that VSIP financial savings is not realized in the Q2 Financial Report since the December participants state service did not end until December 23<sup>rd</sup>. Construction expense (pool NN) was lower than budget by \$0.9 million due to timing delays and the complexity of capital projects.
- CGCE Compensation expense is below budget by \$340k or 9.0% due to vacancy savings related to hiring delays. Other minor variances are due to timing issues. Total expenses are trending below budget by 8.3% or \$520k.
- Residential Life Total expenses are below budget by \$600k or 6.0% mainly due to vacancy and student worker savings of \$230k. In addition, the assessment payment (pool SS) to the Massachusetts State College Building Authority ("MSCBA") is lower than budget in the amount of \$225k due to decreased occupancy rates, which drives the prorated MSCBA assessment to the campus.
- Dining Services Total expenses are tracking lower than budget by \$100k or 1.9% mainly due to lower employee related expenses.

#### <u>Summary</u>

- Lower than budgeted enrollment, as projected for the year, has a significant effect on the FY20 campus budget. The campus has successfully identified \$800k of cost reductions toward closing the projected \$1.6M revenue shortfall in the general operating budget. The campus remains committed to strategic cost management while continuing to invest in innovative strategies in order to remain market competitive and affordable for our students.
- Auxiliary budgets continue to be challenged with declines in occupancy of on campus housing. Residential life is projecting losses of \$1.6M this year vs budgeted losses of \$0.8M.
- The campus distributed a fall semester census report in October to the entire campus outlining enrollment projections and the related budget impact.
- Division of Administration and Finance conducted two open campus meetings on the FY20 budget and enrollment projections. One meeting was a Budget Informational Session and the second meeting was a Budget Dialog session to seek feedback and input on cost reductions, revenue enhancements and process improvement ideas. Both sessions were well attended with over 70 faculty, staff and students. It is anticipated that the recommendations will be carried forward through the work of the Budget Advisory Committee in conjunction with the Divisions with support from departments.

Notes:

(1) This report provides a internally compiled summary of the revenues and expenses of Westfield State University for the subject period. This information is unaudited and is for internal management purposes only.

(2) The "FY19 2nd Qtr. Budget" represents an estimate of the expected results based on allocating revenue and expenditures by quarter using a variety of metrics.

(3) The budget anticipated an average enrollment of 4,350 (4,450 in Fall and 4,250 in Spring) including a limited number of exchange students and cross-registrants with CGCE.

(4) CGCE enrollment represents credit hours.

#### Westfield State University Division of Administration and Finance FY20 Budget Update February 6, 2020

#### **Overview**

Last fall, the campus projected a total revenue shortfall of \$2.7M due to lower enrollment and retention. It is anticipated that \$1.0M in state appropriation will be received this year reducing the revenue gap to \$1.65M. This is still our operating assumption until more current information is available for the spring term enrollment.

#### FY20 Budget Reduction Strategy

In the last several weeks, the campus has been working on closing this structural budget gap. To date, permanent budget reductions of \$835,227 or about 49% have been realized and the FY20 budget has been adjusted accordingly. The budget reductions have been developed by the Vice Presidents and have resulted from reviewing vacancy savings and a variety of expense reductions across all divisions. At this juncture, the campus will roll forward the unrealized budget reduction gap into FY21 as follows:

#### FY20 Budget Gap and Carryforward

Item	Amount
Projected Budget Gap FY20	\$1,650,000
Current Budget Reduction FY20	(\$835,227)
Net Carryforward Budget Gap to FY21	\$814,773

#### Financial Impact of Voluntary Separation Plan (VSIP) on FY20

While it is likely there will be one time budget savings this year due to vacant position and slower completion of capital projects, it is expected that all the one-time savings would be applied to the payouts required by the Voluntary Separation Incentive Plan. Projected payouts of the VSIP are estimated to be \$2.9M this year. All available one time savings will be applied to the VSIP payouts. Based on vacancy savings to date about half of the payouts will be funded from reserves as follows:

#### VSIP Payout and Projected Use of Reserves in FY20

ltem	Amount
Projected VSIP Payout in FY20	\$2,892,000
Current Vacancy Savings	(\$1,318,000)
Projected Use of Reserves for Payout in FY20	\$1,574,000

The campus is still fine-tuning the FY21 budget scenarios and models. Another loss in FY21 is expected as revenues are essentially flat and expenses are continuing to increase. This scenario will require further budget reductions in addition to the net carryforward budget gap referenced above. Further discussion on this topic will occur with the FY21 Budget Update agenda.

## **PROJECT GOALS**

### **Renovate Parenzo Hall to renew functionality and maximize use**

- Replace building systems
- Address accessibility, life-safety and building code issues
- Upgrade technology platform
- X Removal of Mod Hall
- Modernize Dever Auditorium to provide accessibility, air conditioning and updated facilities

### Expand and deepen programmatic collaborations

- Create Center for Student Success as a lively hub for student services
- Foster innovation and collaboration between WSU and community partnerships through creation of CoLab
- Update Academic departments in Parenzo Hall
- Flexible classrooms with robust technology

## PROGRAM SPACE BY BUILDING

## **PROJECT SCHEDULE**

WSU Facilities and Operations Water Emergency Update February 6, 2020

# Timeline

December 18, 2019 Westfield City Engineers inform WSU Facilities and Operations of large amounts of water flooding their Kamp for Kids parking lot.
 Engineering firm of VHB from Springfield called in to help WSU assess the situation.

**December 23, 2019** MSCBA notified about potential concern with water flowing under University Hall down the slope.

December 24, 2019Water found in all catch basins behind Ely Campus<br/>Center, indicating potential water main break.RH White called in to assist with the excavation and location of the<br/>break.

• December 26, 2019

December 30-January 10

Excavation behind Ely exposes the water main break.

Excavation and camera investigation continue. Emergency water main repair complete. Trees were tagged for removal from the hillside behind University Hall.

• December 26, 30 and 31 Building Closed

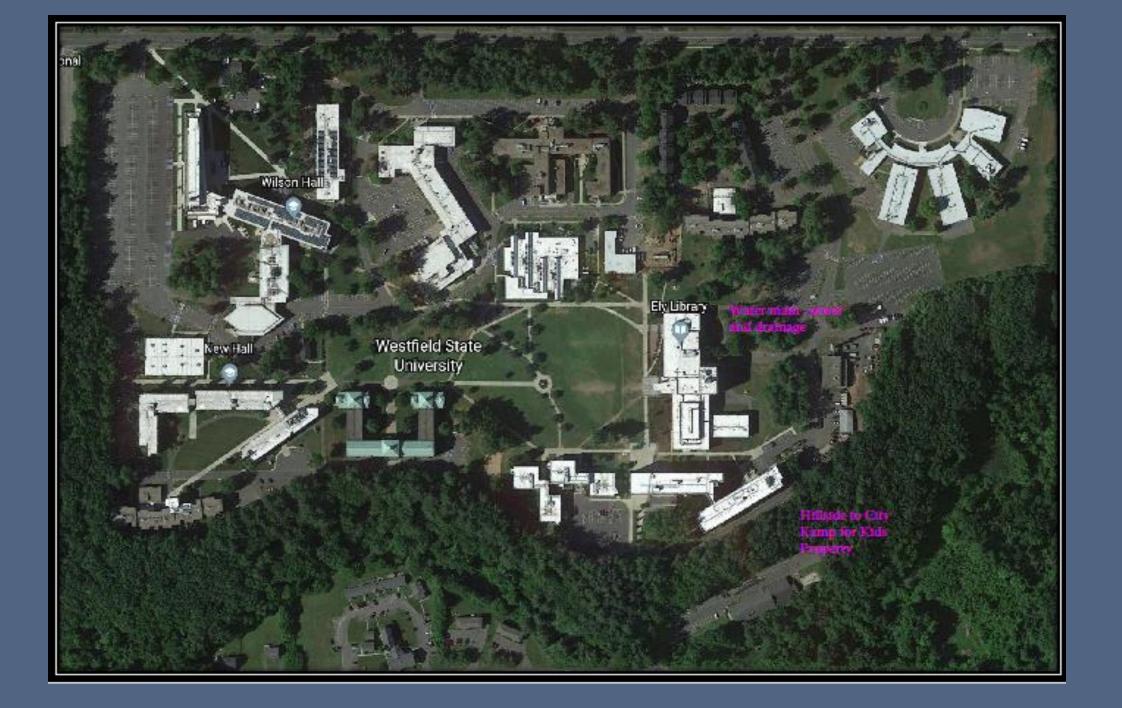

Monitors installed in University Hall to rule out movement of the building. Tree removal continues. Ely closed due to no sanitary water in the building.

• January 6- 10, 2020

• January 6, 2020

**Building Closed** 

• January 7, 2020	Valves opened to check the water main repairs. Water continues to pour out of the slope. Other lines and Catch Basins tested for additional breaks. Roof drains were broken as well as the storm water drainage for the area was also damaged.
• January 10, 2020	Water main and installation of new valves behind Ely completed.
• January 15, 2020	Borings behind University Hall completed to check ground water levels.
• January 29, 202	Engineering Team and WSU Facilities meet to start a discussion on drainage and slope final repairs.
• January 29, 2020	Borings in City Parking lot completed.

# Hillside and Parking lot of City Owned Kamp for Kids Property

# Water Main Break to Ely Campus Center

# Tree Tagging and Removal on the Hillside

# CURRENT STATUS

- Emergency Work funded out of the DCAMM 5 Year Capital Project Funding
- 1/29/2020 met with the City Engineers, WSU Facilities and the Engineering team (House Doctor) to discuss direction of the final repairs. Expect to have an estimate and developed solutions in two weeks

# **ISSUES/CONCERNS**

• Who is responsible for groundwater penetration and damage?

# Funding Decision

- DCAMM Infrastructure?
- WSU 5 Year Deferred Maintenance Budget?
- TIMING & SPRING THAW!

#### Westfield State University **Voluntary Separation Incentive Plan** FY21 Financial Summary and FY20 -FY21 Calculations

#### Summary

FY21 Net Savings by Funding Source		Source	Recommendation for Maximizing Savings to the Operating Budget
Operating	\$	(1,606,814)	Savings retained by the Operating Budget
Residential Life	\$	(89,270)	RHTF responsible for payouts and savings retention; Rationale - MSCBA oversight of RHTF Budget; Multi-Year Deficit w no savings to contribute
CGCE	\$	-	CGCE responsible for payouts; Increase campus contribution by \$38,519; Rationale - CGCE budget is part of the campus as a whole.
Total FY21 Net Savings	\$	(1,696,084)

# **Portfolio Implementation Timeline**

# Asset Allocation Target: 60% Equities, 40% Bonds and Cash

Implementation Notes: Gradually & thoughtfully invest every 3 months and/or opportunistically to reach strategic allocation over 12 months

- Maximize cash returns by investing in short duration Treasuries (< 1 year)</li>
- > Opportunistic: market correction of 10% → invest ½ of next systematic investment

# **Portfolio Implementation Plan**

(September 2019) Investment Tranches:

- 1. U.S. equity investments focused on core high quality dividend growth stocks and diversified exposure to small-mid, international and emerging market equities
- 2. Focus on high quality bonds and fixed income diversifiers
- 3. Smaller investment due to volatility and less attractive valuations

		<u>Target</u>
<u>Asset Class</u> Holding	Proposed Allocation	
	<u></u>	\$20,000,000
EQUITIES	60%	\$12,000,000
FIXED INCOME	38%	\$7,600,000
Short Term Investments	2%	\$400,000
Total	100%	\$20,000,000

# **Investment Allocation**

#### Westfield State University FY21 Budget Planning Scenarios Board of Trustees Finance and Capital Assets Committee February 6, 2020

#### Updates to FY21 Planning Scenarios:

#### **Cost of Attendance**

The campus prepared a variety of planning scenarios based on the preliminary assumptions shared with the Finance and Capital Assets Committee at the October meeting. The campus recommended Model A which included a 2.7% increase over FY20 for in-state tuition and fees and an overall 2.8% increase to the residential student cost of attendance. The FY21 proposed increase to the overall cost of attendance places Westfield's in an average position compared to other Massachusetts state universities. Furthermore, this change is significantly lower than the prior year increase to tuition and fees of 4.0% and residential cost of attendance of 3.5% and is within the range of early planning assumptions; 2.0% - 3.0%.

#### **State Appropriation**

State appropriation was originally expected to be \$32.4m including an increase from FY20 by \$2.9m, however, preliminary indication from the Department of Higher Education (DHE) suggests the possibility of receiving \$30.9m, or \$1.5m less than anticipated. The restated increase of \$1.5m includes the following: \$0.1m PFML reserve draw; \$0.8m of FY20 Collective Bargaining increases; \$0.3m of FY20 base formula funding, and \$0.3m of FY21 formula funding. Since no additional FY21 collective bargaining funds are expected to be available, the campus has excluded FY21 CBA increases for union employees in the FY21 budget planning scenario. At this time, the DHE Budget Recommendation is preliminary and therefore additional funding has not been incorporated into the campus planning models.

#### FY21 Outlook

The outlook for FY21 remains unchanged and it is still expected that the university will most likely experience financial constraints in FY21 due to a significant decrease in undergraduate enrollment. This will impact tuition and fee revenue and have a direct impact on Residence Life and Dining Services, which rely heavily on undergraduate enrollment.

In order to balance the FY21 Revised Budget Planning Scenario, the campus leveraged the Voluntary Separation Incentive Plan, which resulted in \$1.6m of compensation savings in addition to cost reduction strategies totaling \$1.5m. It is expected that Residential Life will use approximately \$2.0m of reserves in order to offset a revenue deficit caused by lower occupancy.

FY21 Budget Scenario Update

01/27/2020

# **Board of Trustees**

February 6, 2020

## MOTION

To approve the FY21 annual tuition and fees schedule for undergraduate students and College for Graduate and Continuing Education (CGCE) students, as presented.

#### Westfield State University FY21 Tuition and Fee Recommendations February 6, 2020

#### **Overview**

The campus has followed the FY21 Planning Assumptions in setting the cost of attendance recommendations for next year (2% - 3%). There are still many moving parts to the FY21 budget model but the campus is committed to keeping cost of attendance at the lowest reasonable level. With declining enrollment and increases in expenses, the campus will be reducing budgets in order to have a balanced general fund budget next year. The Residential Life budget will be an exception as it is likely reserves will be necessary to maintain services and the program.

The campus recommendation for undergraduate fee increase is 2.7% for commuting students and 2.8% for residential students.

For the College of Graduate and Continuing Education, their tuition/fee increases range from 1.3% - 5.9%, based on market and competitive positioning. The Physician Assistant program charges fees on a cohort basis over two years (refer to Stephanie Sanchez January 10, 2020 memo).

#### Comparison of Westfield State Undergraduate Tuition and Fees to MA State Universities

- Westfield continues to track in the middle of the pack in terms of pricing for the MA state universities. For FY20, Westfield ranks 5<sup>th</sup> lowest in tuition/fees out of nine state universities.
- Westfield is \$45.00 or 0.41% less than the average tuition and fees charged by state universities.
- The proposed cost of attendance this year would be the lowest increase since FY16.

#### **Residential Life Fees**

- Traditional Hall Standard room is increasing by 2.9%; most-predominant type of room on campus.
- Fee increases vary among all rooms types but range between 2.8% 3.3% (except Landsdowne).
- Cost increases (compensation, minimum wage, MSCBA fees) combined with lower occupancy is putting a financial strain on operations.
- Despite the fee increases, residential life is still projecting a deficit of \$2.1M next year.

#### **Dining Services Fees**

- Meal plan rates are increasing between 2.0% 4.0%, with the unlimited meal plan increasing 3.0%.
- Increases in compensation and food costs combined with lower participation rates is creating a challenge for the dining program to produce a balanced budget. A fee increase is required to keep pace with rising expenses.

#### WESTFIELD STATE UNIVERSITY Schedule of Annual Tuition and Fees FY20-21 Comparison

**√** Average student annual cost is calculated using the gray shaded areas.

#### Note:

- 1. It is estimated that the Student Health Insurance Rate (SHIP) will be available by May 2020.
- 2. The residential room rates include a \$370.00 infrastructure fee for all residential students.
- 3. The calculation for Board/Meal Plans uses the Unlimited Meal Plan in FY21, rather than the DC Plan.
- 4. The Nursing Fee increase includes coverage for increased clinical requirements by healthcare facilities and a change to the payment for Assessment Technology Institutes (ATI)
- 5. Lansdowne (2 bedroom) is changing from a double and a premium double to two single bedrooms

#### WESTFIELD STATE UNIVERSITY Schedule of CGCE Annual Tuition and Fees

FY20 - FY21 Comparison	FY20	- FY21	Comparison	
------------------------	------	--------	------------	--

FY2U - FY	21 Comparis	5011

Late Withdrawal Fee	25	25	-	0.00%
Replacement ID Card	30	40	10.00	33.33%
Parking-CGCE	60	60	-	0.00%

#### Notes:

The Physician's Assistant per credit increase is applicable to the FY21 cohort. The FY19 cohort will continue to pay \$656/credit/\$13,120 per trimester. FY20 cohort pays \$13,900 per trimester based upon \$695 per credit. FY21 cohort with the approved increase will be \$14,720 per trimester.

For ease of communication and accounting, CGCE advertises and charges a single per credit "tuition", although internally FY20 tuition and fees are broken down to \$85 tuition per credit for UG and RN-BSN, \$105 for GR and MSW. All PA students pay \$105 in tuition per credit, the remaining amount applies toward fees.

\*The Nursing fee applies to full-time enrolled B.S.N Nursing students and rates are recommended by the Day School.

То:	Steve Taksar, Vice President, Administration and Finance
From:	Stefanie Sanchez, Interim Dean, Graduate and Continuing Education
Date:	January 10, 2020
Subject:	Request for changes in CGCE tuition & fee rates

The College of Graduate and Continuing Education (CGCE) remains to be a financially self-supporting unit of the University. In the past several years, CGCE has provided a yearly direct payment no less than \$1.4 million dollars or 20% of CGCE's total revenue. This has increased overtime and for FY21, CGCE is expected to contribute a direct payment of \$2.45 million.

The primary need to increase CGCE tuition rates is due to increasing costs of faculty, staff, increasing fringe rates, and operational expenses due to increasing student needs with courses and support services as well as program growth and expansion. CGCE is focusing efforts on the development of programs which identifies as having a strong labor market demand. There is research to support enrollment opportunities with the adult learner market, which is in line with overall strategic planning initiatives of the University. In an effort to ensure that CGCE remains financially self-supporting while generating revenue to give back towards innovation, increasing rates to absorb expenses is necessary.

- Between 2017 and 2019, full-time faculty salaries increased cumulatively by 6% (2% each year)
  - The MSCA full-time contract will end June 30, 2020. While negotiation has not begun, CGCE is planning for a 2% annual increase in salary.
  - Education practicum supervision rates have increased from .5 credit/student to .75 credit/student to be more in line with the day division rates. This increases our overall supervision costs by approximately \$45,000.
  - CGCE has increased the number of FT faculty and support those salaries. This past year we have hired two additional FT faculty; one in the MSW program and one for the MPA program. We are requesting two more FT faculty lines for FY21; one in PA and one towards a graduate level cybersecurity program to be developed.
- CGCE adjunct faculty stipend rates increased by 6.25% between 2017 and current rates.
  - CGCE adjunct rates will increase in FY21 and the University is projecting this increase to be 2% for the next contract.
- APA and AFSCME staff are expected to increase annual salary by 2%.
  - APA's contract ends June 30, 2020 and there is no confirmation on salary increase but the University is budgeting based on the assumption it will be 2%.
- Between 2016 and 2019, fringe rates have increased around 21.6% and the payroll tax has increased about 47% in the same time period. These increases have significantly increased our expenses over the last few years and are anticipated to keep increasing for FY21.
- CGCE has been and will continue to engage in significant program development. For example, CGCE will add two new full-time faculty lines to its budget (for the PA program and development of a new graduate program) for fall 2021.

#### **Proposed Actions**

CGCE is a requesting 1) maximum tuition changes in AY 2020-2021, from 1.37% to 5.9%, depending on the program, 2) a new fee for the prior learning portfolio assessment, and 3) a separate fee for the school guidance counselor practicum.

I ask that the proposed rates are approved as maximum rates, as CGCE is still in the process of budgeting for FY21. Cost is a major factor in deciding where to attend school, in particular for the adult learners. There are concerns that prospective and current undergraduate students may not be as able to absorb additional educational costs due to program competition and other socio-economic factors. Keeping a competitive rate will assist in recruitment and retention initiatives. The RN-BSN rates can withstand a modest rate increase of 1.37%, if found to be financially feasible during the budgeting process. Since Westfield has launched its RN-to-BSN program, our peers have lowered their tuition rates to better match our rates; some rates are now even lower than Westfield. Comparative tuition rates can be found in the tables below.

- 1. Tuition Rates: The following maximum per credit\* tuition rate are proposed for the following programming. A table of tuition rates over time is included below.
  - a. Undergraduate programming: \$330 per credit (excludes the RN-to-BSN)
  - b. RN-to-BSN program courses: \$370 per credit
  - c. Graduate programming: \$372 per credit (excludes the PA and MSW program)
  - d. **MSW program**: \$475 per credit
  - e. **AY21 PA cohort:** \$736 per credit or \$14,720 per trimester (The AY19 cohort continues to pay \$656 per credit or \$13,120 per trimester, and the AY20 cohort continues to pay \$695 per credit or \$13,900 per trimester)

Rate/Program	2015- 2016	2016- 2017	2017- 2018	2018- 2019	2019- 2020	Proposed 2020- 2021 Rate	Proposed Annual change
Undergraduate	\$275	\$297	\$306	\$315	\$320	\$330	3.13%
RN-to-BSN		\$350	\$361	\$365	\$365	\$370	1.37%
Graduate	\$300	\$318	\$332	\$350	\$361	\$372	3.05%
MSW	\$400	\$424	\$437	\$450	\$464	\$475	2.37%
Physician Assistant *PA students pay the same rate for each year of the program in which they enroll. Each subsequent cohort pays 6% more than the previous.	-	-	AY 18 Cohort \$618 per credit/ \$12,360 per trimester	AY 19 Cohort \$656 per credit/ \$13,120 per trimester	AY 20 Cohort \$695 per credit/ \$13,900 per trimester	AY 21 Cohort \$736 per credit/ \$14,720 per trimester	5.9%

With this proposal, internal fees will increase; internal tuition shall remain the same at \$85 per credit for undergraduate programs and \$105 for graduate programs.

For ease of communication and accounting, CGCE advertises and charges a single per-credit "tuition," although internally for the academic year 2020-2021, tuition and fees will be broken down to the following:

- \$85 tuition/\$245 fees for UG
- \$85 tuition/\$285 fees for RN-to-BSN
- \$105 tuition/\$267 fees for GR
- \$105 tuition /\$631 fees for PA
- \$105 tuition /\$370 fees for MSW
- 2. Prior Learning Portfolio (PLP) Assessment Fee (non-refundable): CGCE recently reviewed the University's prior learning portfolio policy (only offered to undergraduate level students) through the support of a Performance Incentive Fund (PIF) grant. Through collaboration with staff, faculty, and a consultant from the Council for Adult & Experiential Learning (CAEL) the policy went under significant revision. In this policy revision it creates a new process to assess a prior learning portfolio for the non-traditional students. This requires a fee to support the payment to the faculty assessor who determines if academic credit will be awarded. The cost is \$150 per portfolio assessment, assuming it will take approximately 3 hours to assess one portfolio (\$50/hour for the faculty assessor). The fee would be non-refundable and would only be charged when a student submitted a portfolio for assessment. This does not impact all students.
- 3. School Guidance Counseling Practicum Fee: In 2017 the education practicum fee was increased from \$100 to \$250 to support compensation for qualified classroom supervisors and support faculty who oversee licensure placement students. This fee had not been increased in over 25 years. When this change went into effect it should have included the Psychology's School Guidance Counseling, but was missed in this process. Therefore, the fee will need to be increased beginning July 1, 2020. Due to the nature of the practicum, which is taken over the course of a fall and spring term, I propose the fee to be broken down into payments of \$125/term to equal the total \$250 per practicum placement. The Graduate Psychology Chair and faculty for the School Guidance Counseling program have been made aware of this need in a change of the fee structure and are supportive.

#### Table B: 2019-2020 Cost Comparisons to Area and Sister State Institutions, DGCE or Non-Traditional Cost per Credit, Excluding RN-to-BSN, MSW, and PA programs As of January 2, 2020

**MEMO:** Requesting Nursing Program Fee Increase

TO: Provost Prusank

FR: Juline E. Mills, PhD Dean, College of Education, Health, and Human Services

> Marcia Scanlon, DNP, MSN, RN Chair, Department of Nursing

Westfield State University (WSU), Department of Nursing is requesting to increase the nursing student fee each semester an additional \$300.00 from its current rate of \$597 per semester. Effective Fall 2020 the new fee would be \$897 per semester for a total of \$1794 per year.

The Department of Nursing is developing a two-year, two-phase student fee increase. In this, phase one, the student fee increase request will cover the following need areas:

1) increased clinical requirements by healthcare facilities, and

2) the need to change our current system of payment for Assessment Technology Institutes, LLC (ATI) products in order to maintain our consistence in achievements in student success on the National Council Licensure Exam (NCLEX).

### Nursing Department Student Fee Increase Academic Year 2019 - 2020

 Increased Clinical Requirements by Healthcare Facilities. Nursing students gain experience and learn how to care for individuals in clinical settings. Additionally, clinical hours for students are required by our accreditors. Baystate Medical Center, one of our clinical sites, is instituting a new administrative fee of \$150.00 per student per semester. Notification from Baystate Health is attached. This student charge is new and will start Fall 2020. It is predicted that other hospitals will follow.

We anticipate that by Fall 2023 all other clinical sites will institute a similar fee. Given the complexities of charging one student and not another the Department of Nursing proposes a fee of \$150 to all students. This will allow coverage for immediate clinical sites while simultaneously alleviate the need to immediately increase the fee as each site adds an administrative fee. These monies will be held in a fund account to offset student clinical site charges as they are added and lessen the financial burden to our students.

### Fee requested \$150 per semester.

Attachment: Baystate Health Notification.

2. Change to our current payment system of ATI products. Currently students pay six semesters of out of pocket expenses for the products using a credit or debit card. This is a difficult payment option for many students. Most schools add this product fee into the student fees and invoice the department thereby allowing students to use their financial aid as support. This would not only help streamline the process of sending and receiving confirmation of payment each semester but also reduce the hidden costs of the program. ATI is essential to student success in the Nursing program as it offers a wide variety of learning resources to prepare students to take the NCLEX. These assessments and remediation resources are used throughout the nursing program. Students gain critical thinking skills and a comprehensive nursing knowledge base needed to provide safe and quality patient care.

Currently, WSU- Nursing has chosen the lowest ATI package cost. However, if our NCLEX scores were to decline, the first step in the improvement process is adding more ATI products to assist the students. Instead of increasing or charging an additional fee to students at that time, the \$150 over eight semesters will enable WSU-Nursing to respond promptly to student testing needs without further fee increases.

#### Fee requested \$150 per semester. Attachment: Complete List of ATI Student and Faculty Resources

#### Summary of Proposed Fee Increase

Proposed fee increases of \$300 per semester inclusive of:

- \$150 clinical placement, and
- \$150 ATI payment.

In closing, the 2019 Nursing Schools Almanac ranks the WSU Nursing program #20 in Massachusetts and #44 in the New England region. The program achieves a 90% and above average on the NCLEX as well as a 97% average on graduation and employment rates annually. These proposed fees will assist in ensuring the continued quality of our nursing program offerings.

July 1, 2019

Dear Academic Partner,

Effective January 1, 2020, Baystate Health will be implementing a non-refundable administrative fee of \$150.00 per student for all approved clinical rotations. This fee will enable us to dedicate resources to student placement and onboarding, which will enhance the experience for both students and clinical instructors (as applicable). The fee is due at the beginning of each semester and will cover the academic year.

The costs associated with clinical placements are outlined below (Baystate will continue to provide inkind contribution):

Item	Amount	Frequency	Cost per student (x3 month rotation)
Administrative Coordination (onboarding, scheduling, systems access, etc.)	\$100	One time	\$100
ID Badge	\$10	One time (may reuse badge	\$10
Scrub Access	\$1.50 x # of days on site	Daily	Not included
Shuttle Bus transportation	\$1.40 RT per day (average 4 days per month, \$5.60/month)	Daily	\$16.80
Network	\$25 month per user license	Monthly	\$75
CIS	\$44 month per user license	Monthly	\$132
Total per student for 3 month rotation	n		\$333.80

Information regarding submission of payments is forthcoming.

Thank you for being a valued educational partner.

Best,

Melissa O. Tuomi, PhD, RN, CPHQ Director, Professional Practice, Nursing Research, and Quality Baystate Medical Center

# Student Resources

#### TUTORIALS

#### Achieve

Online tutorial system to assist new nursing students with mastering test-taking skills, classroom skills and preparing for the clinical experience. Also addresses the ELL student.

# Dosage Calculations and Safe Medication Administration 2.0

Teach students medical math and assess their mastery in an easy-to-understand online format offering three different methodologies.

#### The NCLEX Experience

Preparing students for potential new item types measuring clinical judgment.

#### Nurse Logic 2.0

Teaches students to "think like a nurse". It gives a formal introduction to critical thinking methods, the nursing process, priority setting frameworks, and test-taking strategy.

#### Nurse's Touch™

This tool teaches leadership, professionalism, and communication skills to prepare students to excel during clinical rotations and in every provider environment.

#### Pharmacology Made Easy

Helps students master one of the most difficult subjects in nursing school. Includes anatomy and physiology reviews and case studies, with drill questions included for each area.

#### Sigma Theta Tau Nurse Manager Certificate

Facilitates the development of nursing management competencies crucial to functioning in a fast-paced and ever-changing health care environment.

#### **Skills Modules**

Teaches 30 critical nursing skills in an evidence-based environment. Skills Modules saves student and faculty time by making sure each student is prepared for skills lab prior to entry.

#### Active Stack

Online pharmacology flashcards organized by body system.

#### ASSESSMENTS

Anatomy and Physiology Assessments Measure content mastery of this critical subject

#### **Content Mastery Series**

Nine integrated standardized assessments based on the NCLEX-RN® test plan. Robust reporting capabilities across six outcome categories. Students receive direct feedback on remediating their content gaps.

#### **Critical Thinking Assessments**

Proctored assessments to compare baseline and end of program critical thinking capabilities.

#### **Comprehensive Predictor**

End-of-program exam that offer each student their individual probability of passing the NCLEX-RN<sup>®</sup> on the first attempt.

# Dosage Calculation and Safe Medication Administration Assessments

Measures and assesses students' drug calculation competency with six specific assessments for clinical specialties.

#### Nurse's Touch™

Practice and proctored assessments that allow students to apply knowledge and gauge areas of strength and weakness for targeted remediation at the end of each content module.

#### Self-Assessment Inventory

A tool to assist the new nursing student in identifying their own learning styles and addresses the aspects of nursing such as time management, prioritization, coping and stress.

#### **TEST PREP**

#### BoardVitals

Robust quiz bank and NCLEX prep solution that provides students with thousands of practice questions and a computer adaptive experience.

#### Capstone Comprehensive Content Review

Educator-guided, personalized prep program for the ATI Comprehensive Predictor.

#### Comprehensive or Customized Live Review

Onsite NCLEX review class led by a masters-prepared nurse educator with at least five years teaching experience. Curriculum can be tailored to specific needs or a comprehensive review.

#### **Test Taking Strategies**

Live session that provides students with detailed strategies to improve their performance on nursing exams.

#### Virtual-ATI®

Personalized, assessment-driven NCLEX review in an online classroom supervised by a personal coach. Students are evaluated by their coach who is responsible for "green-lighting" a student for the NCLEX.

#### REMEDIATION

#### **Focused Review**

Media-rich online study guide based on each student's individual results on each assessment, and linked to review modules.

### BOOK

#### Learning Strategies

Research-based book designed to help students prepare for the college classroom and improve their academic performance in college.

# .?

#### Learning System

QUIZ BANK

Practice assessments perfect for formative quizzing. Covers content areas aligned to Content Mastery Series. Standard and adaptive modes.

#### ANALYTICS

#### Pulse

Analytics engine that predicts students' probability of passing NCLEX as early as their first semester in the nursing program, and measures their level of engagement with ATI learning resources.

#### **Civility Mentor**

Tutorials and simulations help students understand the role of civility in promoting client safety as they learn how to apply principles of civility in the classroom, during clinicals and in practice.

#### Real Life<sup>™</sup> Clinical Reasoning Scenarios

Screen-based simulations that help students develop their Critical Thinking/Clinical Judgment.

#### Nurse's Touch™

Nurse's Touch, The Leader: Students apply leadership concepts and decision-making abilities in client communication and charge nurse-related scenarios.

Nurse's Touch, The Communicator 2.0: Immersive simulations and tutorials guide students through therapeutic communication techniques, providing them with repeated opportunities to engage in key conversations with high-risk clients.

#### HealthAssess (Arriving in 2019)

Interactive learning and virtual simulation modules that teach health assessment knowledge and skills in all major body systems. Develops early clinical judgment and incorporates EHR documentation.

#### EHR Tutor (Arriving in 2019)

An Electronic Health Record charting system that teaches students how to document countless tasks, from head-to-toe assessments to writing comprehensive medical histories and care plans.

#### EBOOK

 $\triangleright$ 

#### **Review Modules**

Part of Content Mastery Series exams, these are online and printed reference manuals based on the NCLEX blueprint. They contain the "need-to-know" for the NCLEX.

#### CASE STUDIES

#### Video Case Studies

Students watch a scenario and then record their response or reaction, then upload to share with their fellow students for peer feedback, before accessing the expert response.

#### Nurse's Touch™

Students view videos of client situations and answer questions that require the use of clinical reasoning skills and nursing knowledge.

# Faculty Resources

A B C

#### ANALYTICS

#### Reporting

Robust reporting capabilities include longitudinal group scores for proctored assessments across six competencies, proficiency levels, mean scores, and more for both individuals and groups.

#### **Custom Analytics Reporting**

Customized reports analyzing KPIs selected by the nursing program. Reports are based on ATI data and filtering options.

#### ATI Pulse™

Analytics engine that predicts students' probability of passing NCLEX as early as their first semester in the nursing program, and measures their level of engagement with ATI learning resources.

#### **TEST-AUTHORING SOFTWARE**

#### **Custom Assessment Builder**

Faculty can create their own assessments using ATIcreated questions or individually created questions with a variety of taxonomies such as Body System, QSEN, BSN Essentials, NLN Competencies, Nursing Process.

#### TUTORIALS

#### ATI Academy<sup>™</sup>

Online video and webinar resources for all faculty members to obtain CNEs and excel in areas such as test development, active learning strategies, full usage of ATI solutions and creativity in the classroom.

#### EducatingNurses.com

Faculty development tutorial program developed by Dr. Patricia Benner, RN, Ph.D.

#### CONSULTING

#### Consultation

Onsite consultation from a PhD educated member of the ATI Executive Nursing Education team to address any requested topic such as curriculum updates or preparing for accreditation.

### PROGRAM MANAGEMENT

**ATI Program Manager** (Arriving in 2019) An integrated tool to create and maintain a Systematic Evaluation Plan, manage/measure your curriculum, and gather evaluation data from your program stakeholders.

# **Board of Trustees**

February 6, 2020

### MOTION

To close the University's bank accounts at Peoples Bank and Massachusetts Municipal Depository Trust (MMDT), investment account at Commonfund, and Berkshire Bank certificate of deposit at maturity date 3/7/2020 and to approve the transfer of those funds to the University's money market account at Berkshire Bank.

#### ADMINISTRATION AND FINANCE

To:	Finance and	Capital	Assets	Committee,	Board of	Trustees

From: Stephen Taksar, Vice President, Administration and Finance

Date: February 6, 2020

RE: Consolidation of bank accounts and funds transfer

The University is seeking approval from the Board of Trustees to consolidate bank accounts and maximize interest income by closing money market accounts at Peoples Bank and the Massachusetts Municipal Depository Trust ("MMDT"), an investment account at Commonfund and a certificate of deposit, upon maturity, at Berkshire Bank. Upon board approval, the balance in these accounts would be transferred into the University's money market account at Berkshire Bank.

As of December 31, 2019, Peoples Bank account balance was \$715,651.01; MMDT was \$62,057.10, Commonfund was \$65,952.27 and the certificate of deposit was \$4,166,136.26. Currently, the interest rate on the Berkshire Bank money market account is 1.7% which is greater than the rates in any of the accounts listed above.

The Trust Fund Management Policy (#0604) requires approval by the Board of Trustees to open or close any bank accounts.

Please let me know if you have any questions or concerns and thank you for your consideration of this request.
