Welcome,

At Westfield State University, we strive to create a safe environment for our students, faculty, staff and visitors.

This report is in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

The report includes safety policies and procedures and statistics for three previous years concerning certain crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by Westfield State University and on property within or immediately adjacent to and accessible from the campus.

Each semester, notification is made via email to all enrolled students, faculty and staff. This notification provides information on how to access the Annual Report on-line. A printed copy may also be obtained by contacting the Director of Public Safety at 413-572-5262.

Whether you're a new or long-time member of the University community, I encourage you to review this material because we all need to work together for a safe campus.

Tony Casciano, Director

Campus Law Enforcement Authority and Jurisdiction

Westfield State University regards the safety of the University community and the prevention of campus crime as a priority. Although colleges and universities are often regarded as sheltered, nonetheless they can be vulnerable to the same problems which trouble society in general. Therefore, it should be the responsibility of each member of the campus community to become aware of the potential for crime on campus and take steps to enhance his or her own security and that of others.

All University police officers are empowered by the Commonwealth of Massachusetts General Laws, Chapter 22c, Section 63, and possess the power and authority to apprehend and arrest anyone involved in illegal acts in or on lands or structures owned, leased or occupied by Westfield State University.

All newly appointed University Police Officers attend the Special State Police Academy which is conducted by the Massachusetts State Police. Training at the academy consists of several months of full-time, in-depth training in all aspects of police operations. The academy is followed by 9 weeks of field training under the close supervision of a WSU Police Field Training Officer. Annual in-service training is provided to all officers and officers are also assigned to attend training in a wide variety of specialized related topics at the State Police Academy and at municipal police training academies located throughout the Commonwealth.

University police officers patrol the campus by vehicle, bicycle and foot. The Department of Public Safety/University Police maintain a strong working relationship with the Massachusetts State Police, City of Westfield Police and Federal law enforcement agencies, on an ongoing basis.

How to Report a Crime or Emergency

Members of Westfield State University are encouraged to immediately report crimes, suspicious activities or other emergencies to the Department of Public Safety/University Police in a timely manner.

All emergency situations involving a crime in progress, medical emergency or fire, should be reported by dialing 911 from any on-campus phone. The call will go directly to the City of Westfield Dispatch Center and will be monitored by WSU Public Safety Dispatch. One can also dial 5262 from any on-campus phone to reach Public Safety Dispatch directly. From outside the University phone system, dial (413) 572-5262.

When using a cell-phone, please remember that 911 will be answered by the 911 dispatch center for the city or town where you are making the call from.

Dispatchers are available 24 hours a day, 7 days a week, to answer your call. WSU police officers respond to your request for service and are the investigating authority for all crimes on campus. In addition to investigation reports of crime, the Department of Public Safety will, when deemed necessary, refer reports to the appropriate office (Title IX office, Student Conduct) or jurisdiction for review or judicial action.

As an on-going effort to increase safety on campus there are a number of emergency “HELP” phones located throughout the buildings and grounds. These phones can also be used to report crimes and other emergencies by pushing the “Emergency/Help” button. The call will go directly to Public Safety Dispatch. When calling for either emergency or non-emergency service be prepared to:

- Clearly identify yourself;
- State your location;
- State briefly the nature of your call.

If possible, stay on the line unless otherwise advised by the dispatcher. The dispatcher will summon the appropriate police, fire and/or medical service.

Crimes may also be report anonymously: <https://secure.blueoctane.net/forms/K0EIXSE82L1G>

Limited Voluntary Confidential Reporting

It is the policy of Westfield State University that all crimes should be reported to the Department of Public Safety/University Police. Anyone who is a victim or witness to a crime on campus is encouraged to promptly report the incident to the University Police. Police reports are public records under State law, and, therefore, the University Police cannot hold all reports of crime in confidence. All reports of crime will be investigated by the University Police. When appropriate, violations of law will be referred to the Director of Student Conduct and Dean of Students, as well as the Title IX Coordinator.

When a potentially dangerous threat to the University community arises, alerts will be issued to notify individuals of the threat in a timely manner. These alerts will also inform the community of any recommended action to be taken.

Campus Security Authorities

The Clery Act is a consumer protection law that aims to provide transparency around campus crime, policies, and statistics. The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, final rule of November 1, 1999, designates certain members of the university community as Campus Security Authorities. This group includes, but is not limited to: a Dean of Students, Title IX members, a director of athletics, team coach, or a faculty advisor to a student group. The following are probably not campus security authorities: a single teaching faculty member (other than an advisor to a student group); or a physician in a campus health center or a counselor in a counseling center whose only responsibility is to provide care to students; or campus clerical staff.

According to Federal law, the WSU Department of Public Safety/University Police is required to report statistics concerning the occurrence of certain criminal offenses reported to the WSU Police or any Campus Security Authority.

Timely Warnings/Crime Alerts

The WSU Department of Public Safety/University Police is responsible for issuing alerts in compliance with the timely warning requirement of the Clery Act. In the event of a reported crime or incident which may pose a serious or on-going threat to the WSU community, these alerts are usually written and distributed by the Director/Chief or his/her designee to keep the campus community informed about safety and security matters. If time permits, DPS/University Police personnel may consult with other senior University officials for approval of the alert. The alerts are distributed through the University email distribution system and may also be posted by members of Public Safety in residential halls and academic/administrative buildings. WSU DPS/University Police employees are authorized to send/post timely warnings/crime alerts at the request of the Director/Chief and police command staff.

Emergency Notification – Immediate Threat

Westfield State University will provide immediate notification to the campus community upon confirmation of an incident or emergency that poses an immediate threat to the health and safety of the WSU community unless issuing an immediate notification would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

WSU has various systems in place such as the RAVE Mobile Safety System and emergency siren/public address system.

The RAVE system sends a WSU alert voice message to all phones, an email to all WSU email addresses, and a text/voice message to cell phones. The University strongly encourages student, faculty and staff to sign up for “RAVE” by going to the University main webpage and clicking “Sign up for Emergency Notifications” at the bottom of the page.

The emergency siren/public address system provides external notification to the campus via the sounding of the sirens followed by voice instructions. The system shall be upgraded as renovations occur to include connection to internal fire systems in each building.

WSU DPS/University Police employees are authorized to send messages through the above systems at the request of the Director/Chief and/or police command staff or Emergency Response Team (ERT).

Emergency Response and Evacuation

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. Evacuation drills are used as a way to educate and train occupants on issues specific to their buildings. During the drill, occupants practice drill procedures and familiarize themselves with locations of exits and the sound of the fire alarm and mass notification tone. In addition to educating the occupants of each building about the evacuation procedures during drills, the process also provides the University the opportunity to test the operation of fire alarm system components.

An evacuation drill is held each semester for all residence halls on campus. Students learn the locations of emergency exiting each residence for a building evacuation. Residents are not advised in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of building being evacuated, the availability of various designated emergency gathering locations on campus and other factors such as the location and nature of the threat.

The Director of Emergency Preparedness and Response and Department of Public Safety/University Police conduct announced and unannounced drills and exercises each year to test the emergency response and evacuation procedures/plans. These drills also give the team the opportunity to assess and evaluate the emergency evacuation plans and capabilities.

The Department of Public Safety/University Police performs active threat drills and exercises. Officers also provide active threat presentations to faculty, staff and students.

The University conducts table top and real time exercises to test emergency preparedness and invite local agencies to participate in these exercises.

Information concerning emergency preparedness and response can be found at:
www.westfield.ma.edu/emergency-preparedness-and-response/Emergency_Guidebook

Evacuating the Disabled

Advance planning is important. If you may need assistance evacuating in an emergency you should pre-plan and contact the Banacos Center at (413) 572-5789 or banacos@westfield.ma.edu. The Banacos Center works with the Department of Public Safety regarding the living arrangements and class schedules of disabled students. Physically disabled employees should contact Human Resources directly for assistance in pre-planning.

- Evaluate your need to identify yourself as someone who requires assistance during an evacuation. Some people who may need assistance have no visible disability.
- Master the skill of giving quick information on how best to assist you. Be clear and concise. If you have difficulty speaking, consider using a carry-with-you preprinted message.
- Establish a personal network consisting of people who are regularly in the same area as you. Do not depend on any one person as they may not always be available. Assess your own abilities and communicate your capabilities and limitations to those in your network.
- Determine all your evacuation options and prioritize them.

Procedures

- Attempt a rescue evacuation only when a physically disabled person is in immediate danger and cannot wait for professional assistance.
- If the building has an Area of Refuge, assist the disabled person to that area. If possible, at least one person should wait with the disabled person. For buildings without an Area of Refuge, the disabled person should be moved to the nearest stairwell or room with the door shut which is well clear of any hazardous area.
- Ask others leaving the buildings to notify emergency responders that a physically disabled person needs assistance in evacuating. Give the specific location.
- If waiting for rescue is not an option, two physically capable occupants of the building should be invited to volunteer to assist the disabled in evacuating. Ask how the disabled person can best be assisted or moved, and whether they require any special considerations or items that need to come with the person.
- Keep in mind that you may need to clear debris in order to safely evacuate.
- Do not use elevators unless told to do so by emergency responders.

Active Threat Guidelines

We encourage members of the campus community to review these guidelines in the event of an emergency. An active threat refers to any incident which creates an immediate threat or presents an imminent danger to the campus community such as a shooter or a hostage situation. Taking the time now to review these guidelines increases your ability to respond in the event of an emergency.

If you can evacuate the building...

1. Try to stay calm and determine the location of the threat.
2. Call 911 as soon as possible, although escaping is your priority.
3. If a safe exit does exist, take it as quickly as possible.
4. Continue running until you are well cleared from the location of the threat. Find a safe location and call 911 to tell the police of your location.

If the only exit is through a window, consider the consequences of the fall:

- How high are you from the ground?
- Can you land in shrubs or grass to decrease the potential for serious injury?
- Can you make an improvised rope out of clothing, belts or other items?

If you cannot evacuate the building...

1. Try to stay calm and determine the location of the threat.
2. Take shelter in the nearest office, classroom, closet or other area which can be secured. Barricade the door using desks, bookshelves or other heavy objects. If the door opens outward, attach one end of a belt to the door handle and the other end to a heavy object.
3. If the door has a window, cover it.
4. Look for other possible escape routes such as windows or other doors.
5. Call 911 and tell them what is happening. Speak quietly and then set your cell-phone to vibrate or silent.
6. Stay low to the ground and remain as quiet as possible.
7. Once in a secure location do not open the door for anyone. Do not approach police officers as they attempt to locate and neutralize the threat. The police officers will return to assist you once the threat has been neutralized.
8. When law enforcement arrive, obey all commands. You may be asked to keep your hands in the air, you may even be hand-cuffed until police assess the situation. These steps are taken for safety reasons.

If an active threat is in your presence...

If you are in a crowded room and the threat is shooting, “play dead,” or quietly crawl to safety. If you are with a group, as an action of last resort, you might choose to take the offensive.

1. If the shooter is entering the room, position yourself in location that allows for an element of surprise.
2. Throw anything available at the threat. Aim for the face to distract him/her.

3. Attack as a group, swarming around the threat.
4. Grab the threat's arms, legs or head and take him/her to the ground. Use body weight to secure him/her.
5. Fight "dirty" – kick, bite, gouge eyes
6. Have somebody in the group call 911
7. When law enforcement arrive, obey all commands. You may be asked to keep your hands in the air, you may even be hand-cuffed until police assess the situation. These steps are taken for safety reasons.

If you have incapacitated the threat...

1. Make sure the suspect is secured (body weight, belts, etc.)
2. Move any weapons away from the threat.
3. Do not hold a weapon.
4. Call 911 and advise law enforcement that the threat/shooter is down.
5. Provide your location and stay on the line if possible.
6. When law enforcement arrive, obey all commands. You may be asked to keep your hands in the air, you may even be hand-cuffed until police assess the situation. These steps are taken for safety reasons.

If you are interested in training on this topic for your office or group, contact Department of Public Safety/University Police at 413-572-5262.

Shelter in Place

What it means to “Shelter-in-Place”:

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-place” guidance:

If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, student ID card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit and use the stairs instead of the elevators.) Once you have evacuated, seek shelter at the nearest University building quickly. If police or fire department personnel are on the scene, follow their directions.

How you will know to “Shelter-in-Place”:

A shelter-in-place notification may come from several sources, including Public Safety/University Police, housing staff members, other University employees, federal or local government officials, local police agencies or other authorities utilizing the University’s emergency communications tools.

How to Shelter-in-Place”:

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene
2. Locate a room to shelter inside. It should be:
 - An interior room;
 - Above ground level; and
 - Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
3. Shut and lock all windows (tighter seal) and close exterior doors.
4. Turn off air conditioners, heaters and fans.
5. Close vents to ventilation systems as you are able. (University staff will turn off the ventilations as quickly as possible).
6. Make a list of the people with you and ask someone to call the list in to Public Safety/University Police so they know where you are sheltering. If only students are present, one of the students should call in the list.
7. Turn on a radio or TV and listen for further instructions.
8. Make yourself comfortable.

Facility Security and Access (Academic & Administration Building/Residential Hall)

The University's Facilities and Operations department maintains all University buildings and grounds with a special concern for safety and security.

Westfield State University Public Safety/University Police staff work closely with Facilities & Operations and are expected to report all safety/security issues found during the course of their patrol shift. Work orders are filled out by the officers and forwarded to the appropriate person at Facilities & Operations. At least once a year, a comprehensive survey is conducted by the Department of Public Safety. This survey focuses on all exterior lighting on campus.

Shrubs, trees and other vegetation are trimmed on a regular basis. During the last week of the month of June, a member of the Department of Public Safety conducts an inspection of campus grounds to identify areas where safety improvements are needed due to overgrowth of vegetation.

Academic and administrative buildings are generally open from 6:00 AM to 11:00 PM, Monday through Friday and limited designated hours on Saturday, Sunday and holidays. Special use facilities (Library, Campus Center, and Woodward Center) may have different hours of operation. Random patrols of all buildings are provided 24 hours a day by University Police and Public Safety officers.

All residential halls are locked 24 hours a day. Access to these halls is controlled by the use of a proximity card/key. The card/key is programmed to only open the exterior door of the hall in which the student lives. Patrol coverage of all residential halls is provided 24 hours a day by University Police, Public Safety officers and Residential Hall staff members.

Maintenance of Campus Facilities

Westfield State University is maintained in a manner to minimize unsafe conditions. The WSU Facilities and Operations department and the WSU IT department maintains all safety and security systems on campus, including locks, doors, window screens, lights, fire safety alarms and equipment, emergency phones and video cameras.

Safety and Security in Residence Halls

Under the supervision of the Department of Public Safety/University Police, Institutional Security Officers (ISO's) are assigned primarily to work in residential halls making periodic checks of the residential hall and surrounding grounds.

ISO's provide assistance with lock-outs, report violations of University policies, assist University Police, provide escorts and work cooperatively with Residential Life staff.

All residential halls are locked 24 hours a day.

Off-Campus Student Organizations and Housing

Westfield State University does not recognize off-campus organizations such as fraternities or sororities. The University does recognize off-campus living facilities owned or leased by the University as University housing.

Emergency Telephones

Emergency telephones have been installed across campus and outside residential halls. Each phone has an emergency/help button that immediately notifies University Police.

Video Cameras

Westfield State University seeks to enhance public safety and security by utilizing video cameras in a professional and ethical manner in selected locations on campus.

Response to Medical Emergencies

All Westfield State University police officers are trained as First Responders in emergency medical care. Several officers are also trained as Emergency Medical Technicians.

1. The City of Westfield Fire/Ambulance is the responding agency for fire and medical related calls.
2. Baystate Noble Hospital is located approximately one (1) mile from campus.

Criminal Activity/Student Conduct Off-campus

The University must consider student conduct, whether on or off campus, that is disruptive of good community relations or which interferes with, impairs or obstructs the University's mission, functions and process or that are found to be offensive to generally accepted standards of sound behavior, as harmful and adverse to the University's interests. Because of this, the Westfield Police Department makes every effort to inform the University of off-campus criminal activity involving our students. If a violation of law occurs on or off campus, which is also a violation of University or local regulations (this includes Residence Life policies), the University may institute proceedings against the offenders. Such action by the University is independent of, and may proceed in parallel with, civil and/or criminal action.

Missing Student Notification Policy

If a member of the University has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify Public Safety/University Police at (413) 572-5262. University Police will generate a missing person report and initiate an investigation.

In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to contact Westfield State University in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, Westfield State University will notify that individual no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact can do so by obtaining the form through the Department of Public Safety web-site. A student's confidential contact information will be accessible only by authorized campus officials and law enforcement in the course of the investigation. Completion of the form is voluntary. Students can submit this form to the Assistant Director/Captain of the Department of Public Safety.

After investigating a missing person report, should the University police determine that the student has been missing for 24 hours, Westfield State University will notify the student's emergency contact no later than 24 hours after the student is determined missing. If the student is under the age of 18 and is not an emancipated individual, Westfield State University will notify the student's parent or legal guardian immediately after the University Police has determined that the student has been missing 24 hours. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, the law enforcement agency that has jurisdiction in the area where the student is missing must be notified within 24 hours.

Security Awareness and Crime Prevention

Westfield State University takes a proactive rather than a reactive approach to crime. In order for a crime to occur, three conditions have to be satisfied. First, the desire to commit a crime must exist; second, the person must have the ability to commit the crime; finally, the person must have the opportunity to carry out the act. As individuals, we cannot change the desire or ability to commit crime readily and easily. However, we can greatly reduce or eliminate the opportunity to commit a crime by practicing sound crime prevention techniques. By reporting suspicious activities, using the escort/shuttle services, walking with a friend, locking room doors and security valuables, we eliminate the opportunity and therefore, a crime cannot occur. A common theme of all security awareness and crime prevention programs is to encourage all members of the WSU community to be aware of their responsibility for their own security and security of others. In addition to crime prevention and security seminars offered by members of the Department of Public Safety, information is disseminated to students and employees through crime prevention email tips, hall meetings, crime/safety alerts and the Department of Public Safety Facebook page.

The following is a list of programs offered by the Department of Public Safety:

- RAD (Rape Aggression Defense)
- Residence Halls Crime Prevention
- OUI/Alcohol Awareness
- Active Shooter/Imminent Threat Awareness
- Fire Safety

The following is a list of programs offered by the Office of Non-Discrimination Compliance:

- Haven (for students)
- Video training on bystander intervention
- As well as ongoing training and programs through the Counseling Center and Residence Life

The Department of Public Safety also makes crime prevention publications, pamphlets and posters available to the University community.

Substance Abuse Education

Substance abuse and its related consequences undermine the goals of academic success and civility at Westfield State University. All students and employees at Westfield State University are expected to abide by all federal, state and local laws, including those regulating the use, possession, sale, distribution, manufacturing and cultivation of illicit drugs and alcohol. In addition, under Federal law, any institution receiving federal funds, including federal student loan programs, must adopt and implement policies to prevent the use of illegal drugs and alcohol by students and employees.

Financial Aid Penalties for Drug Offenses - The Higher Education Act of 1998 states that students convicted under state or federal law for drug sale or possession will have their federal financial aid eligibility suspended. The length of suspension of eligibility is not less than one year and varies depending on the nature of the offense. Eligibility can be regained through successful completion of an approved drug rehabilitation program.

Health risks associated with alcohol and other drug consumption include impaired judgment, vision, speech, coordination, memory, sensation and perception. Long-term use of alcohol and other drugs can negatively impact many of the body's systems and cause physical and psychological dependence.

It is the responsibility of each member of the Westfield State University community to understand and comply with all campus rules and regulations. These regulations include all federal, state and local laws including the Drug Free Schools and Community Act of 1989, the Drug Free Workplace Act of 1988 and the Higher Education Act (as amended in 1998). As a member of the Westfield State University community, it is your responsibility to know and abide by all campus rules and regulations. To understand the risks associated with the use and abuse of alcohol and other drugs, and to assist in creating an environment that promotes health-enhancing attitudes and activities, any violation of the University's Code of Student Conduct or violation of federal, state or local laws, shall subject the offender to the University disciplinary process and/or criminal prosecution.

All members of the University community, including students not residing on campus, are responsible for obtaining and adhering to all policies while in university-approved housing.

Services and resources are available to all members of the University community to provide accurate information relating to drugs and alcohol. Resources on campus are available by contacting:

Reporting the Annual Disclosure of Crime Statistics

As required by Federal law, Westfield State University compiles yearly crime statistics in accordance with the definitions of crimes provided by the FBI for use in the Uniform Crime Reporting System. The report includes statistics for the previous three years concerning crimes that occurred on campus that were reported to the Westfield University police and other designated campus officials. In additions, these statistics also include persons referred for campus disciplinary action for categories required under the Clery Act, including liquor and drug law violations and illegal weapons possessions.

Statistical information for certain off-campus locations or property owned or controlled by Westfield State University as well as public property within or immediately adjacent to and accessible from campus are requested from the City of Westfield Police Department for statistical purposes. Crime statistics reported to any of these sources are recorded in the calendar year during which the crime was reported.

This Annual Security Report can be found at: www.westfield.ma.edu/safety.

Copies of the report may also be obtained at the Department of Public Safety building (White House) located on Western Avenue.
