

Social Worker - Bachelor's Degree Required

Our multi-disciplinary team is seeking a Social Worker to join our home-based treatment program. As an industry leader, we provide treatment, support and education to families with children up to 3 years of age in the South Shore area who are at risk for, or have, developmental delays. Here's our ideal candidate...

- Can effortlessly build rapport and communicate with young children and their families;
- Is readily able to work within a team of specialists and can evaluate, develop and recommend treatment options for families with young children, based on family developed goals;
- Maintain consistent communication within the specialist team, as well as with families while addressing concerns and goals;
- Have related coursework and work experience with young children;
- Excellent listening and communication skills;
- Manage your time well with strong organization skills;
- Have a reliable vehicle; and
- Bachelor degree in Social Work.

We offer...

- Competitive industry salary and benefit package;
- Flexible work schedules;
- Opportunity to work with, and learn from, some of the best industry specialists; and
- Excellent social worker supervision and training.

New graduates encouraged to apply. Interested candidates should forward their resume and cover letter to:
