How to Share and Control Content

Share content to the display using the options on the Share panel.

Arrange and control shared content on the Layout panel.

Other Ways to Use the App

- Drag and drop posts on or off the on-deck panel on the left side of the app.
- Click and hold, or right-click a post to view options to make it full screen, create a stack, or delete it.
- Pinch-to-zoom a post on touch-enabled devices.
- On mobile devices, press and hold the red dot to temporarily markup the display.

Need the Solstice App?

Enter the IP address on the display into a web browser, then click **Get the app & connect** to download. On a mobile device, download the free Solstice App from the app store.
