Import the WSU 15 Week Template into your New Course

If you are creating a new course from scratch and/or do not have previous course content to copy in, you can load the WSU 15 Week Template into your course to give you a nice layout and jump start on creating your new course.

NOTE: If the course has any content at all, the template will not be loaded.

Quick Video: **Import the WSU 15 Week Template into your New Course**

To add the WSU 15 Week Template into your blank course, click on **Course Tools** in the blue nav bar. Then click on **Import WSU Template**. This will copy the template in immediately and you can click on Content in the blue nav bar and begin to build your new course.
